RE: INTRODUCTION OF NOMAD™ GEAR PUMPS & AFTER-MARKET PARTS

JDA GLOBAL LLC is pleased to announce the introduction of its **NOMAD™ GEAR PUMP** product line, featuring a proven positive displacement design with intermeshing rotor and idler. The **NOMAD™ GEAR PUMP** handles high viscosity liquids with only two moving parts.

The **NOMAD™ GEAR PUMP** features a retrofittable design when compared to the world's largest manufacturer of internal gear pumps. Thus, **ALL** **NOMAD™ GEAR PUMP PARTS** are interchangeable with the leading brand. The **NOMAD™ GEAR PUMP** product line features cast housings in 7 connection port sizes, available with packing or mechanical seals.
